

DTG Ink/Fluids Order Form

Name	Brian
Date	

Qty (Bottles)	Ink Color	Part Number
Fluids		
Qty (Bottles)	Fluid Type	Part Number

Notify Erik to Order Ink: The DTG Print Supervisor should fill out the DTG Ink Purchase Request Form with the current ink requirements. This form should then be handed over to Erik for purchasing. The next day, the DTG Print Supervisor should follow up with Erik to ensure the ink has been purchased. Confirmation should include obtaining the Kornit confirmation number and the Shopworks Purchase Order (PO) number. It is important to perform this follow-up to ensure that the ink order is placed and processed timely, avoiding any potential disruptions in the printing process due to lack of ink.
